

SPARE TIRE EARLY ADOPTER PROGRAM

EHR Downtime Is
No Longer an Issue

Become a Spare Tire Early Adopter

Join a community of healthcare organizations pioneering the next generation of EHR downtime and cyber resilience. Spare Tire eliminates costly downtime, ensuring continuous patient care even during cyberattacks or clinical impacting downtime events. By joining this program, you can reduce downtime costs, maintain compliance, and protect patient safety—all while shaping the future of healthcare operational resilience.

About Spare Tire

Spare Tire enables seamless online patient care continuity during crises like ransomware attacks or system outages, eliminating the need for manual record-keeping. Unique to Spare Tire is its ability to synchronize changes with the main EHR once restored, ensuring data consistency and a speedy return to normal operations. Spare Tire empowers the healthcare system to navigate crises, safeguard its reputation, and build strong cyber resilience to make EHR downtime a thing of the past. By integrating with existing EHR systems, Spare Tire provides secure, real-time access to patient records, ensuring that healthcare professionals can continue delivering high-quality care without disruptions.

Why Choose SpareTire?

- Business Continuity:** Maintain uninterrupted patient care, even during outages.
- Seamless Integration:** Works with major EHR systems with minimal disruption.
- Cyber Resilience:** Minimizes downtime during ransomware attacks and disruptions, saves lives, and protects reputations.
- Regulatory Compliance:** Supports HIPAA, GDPR, and other regulations compliance.
- Operational Efficiency:** Reduces manual workload and accelerates data recovery.

Why Become an Early Adopter?

- Exclusive Early Access:** Be among the first to leverage SpareTire before full deployment.
- Priority Support:** Receive dedicated assistance from our expert team.
- Cost Savings:** Mitigate Multi-Million Dollar Downtime Losses. You'll receive exclusive pricing and priority support, ensuring your organization is protected against financial and operational disruptions caused by EHR downtime.
- Industry Leadership:** Position your organization as a pioneer in EHR resilience.
- Partnership:** Become a guiding partner as the platform grows and matures to drive the platform roadmap.

Program Expectations

As an Early Adopter, your participation will include:

- **Exclusive Premier Membership with access to the Spare Tire User Group, offering insights, networking, early feature previews, and roadmap influence.**
- **Testing SpareTire in real-world scenarios and sharing structured feedback.**
- **Engaging in periodic review sessions with our product and engineering teams.**
- **Collaborating on case studies and best practices to optimize implementation.**

FAQ

Frequently Asked Questions

Q: How long does the Early Adopter Program last?

A: The program runs for a limited time before SpareTire's official launch, typically spanning three (3) months.

Q: What is required from hospitals to participate?

A: Hospitals need to provide:

- Access to a test EHR environment with de-identified data
- Designated IT and clinical workflow representatives
- Participation in feedback sessions and workflow validation

Q: What test data and environment are used in the program?

A: The program utilizes:

- De-identified health care records
- Data Coverage: 4-6 weeks of historical data
- Test Instance: De-identified data sourced from a test EHR system

Q: Will this work for planned and unplanned downtimes?

A: Yes, SpareTire is designed to support both planned maintenance and unexpected outages.

Q: Is participation free?

A: Early Adopters receive discounted or complimentary access in exchange for active participation and feedback.

Q: Is SpareTire secure?

A: Yes. We employ advanced data protection to safeguard patient data while maintaining compliance with HIPAA and GDPR regulations.

Q: Will my feedback be considered in future product iterations?

A: Absolutely! Early Adopter insights are integral to refining and enhancing SpareTire's features.

Q: How can I enroll in the program?

A: Only 3-5 hospital systems will be selected for the Early Adopter Program. Secure your spot now by scheduling a 30-minute executive briefing with our team. Email sparetire@shelterzoom.com.
